

FAWCO Foundation Development Grants

Did you know.....

...your club can nominate up to two projects for Development Grants each year?

...to qualify, your club or at least two members in your club must have supported your specific charity organization for at least one calendar year?

...even a **small** project can receive a Development Grant? Past recipient projects have: financed cooking oil for one year for 500 children in a house for children with cancer; funded fencing and equipment for local women to plant a seed nursery; and used the funds to activate work-training programs for young mothers with small children.

...that filling out the application is not that time-intensive? Most questions limit the answer to less than 250 words.

...you can apply, apply and apply again? One 2017 project became a first-time recipient of a Development Grant on its 3rd attempt.

...no recipient of a DG has ever regretted the work involved in applying!

The 2018 FAWCO Foundation Development Grants listing and nomination applications will be online in early October. Download the 2017 DG Application (watermarked) now for practice. You can review the instructions, see what will be required and start writing those essays NOW!

If you have any questions, please contact Nan Laubadère, the Development Grants Administrator at grants@fawcofoundation.org or Tracy Moede, Foundation VP Programs at vpprograms@fawcofoundation.org.
