

Backing Women Catalog

The Boutique products make great hostess gifts, newcomer gifts and raffle prizes all while helping spread the word about the Target Project. The Boutique will carry an assortment of new items as well as old favorites. We are proud to announce that new merchandise will be purchased from NGOs that economically empower women; this means your purchases will have a double punch, not only supporting the Target Project but women in the global marketplace.

Net proceeds from Backing Women items will help us reach our fundraising goal of \$125,000 for our Target Project: Hope Beyond Displacement.
