

Together we can put on a great party

Requirements

🌀 A local artist: Many clubs have artists who, when asked, are more than happy to perform for charity. This allows the artist to cast a wider net for their projects and provides them with free publicity and assures a pool of talent for your club.

🌀 Location: Some member club are located in cities that have consulates, others have club houses. Artists who play instruments may know of a venue in each city that can host small to mid size concerts. Members with larger homes and apartments are also an option.

🌀 Refreshments: A lightly catered event or club members bring finger food.

🌀 Fundraising: Club members and their families and/or friends pay for the concert. Proceeds go towards a common cause.

🌀 Bonus: Allow the artist to sell his/her/their books, CDs, DVDs.
